

# Our commitment to you

## Regain control of your hearing

Vista Health is a leading provider of hearing aid services across the UK. A highly qualified HCPC registered Hearing Aid Dispenser will conduct the consultation and required tests to determine whether you are experiencing hearing loss and will offer a suitable hearing aid solution.

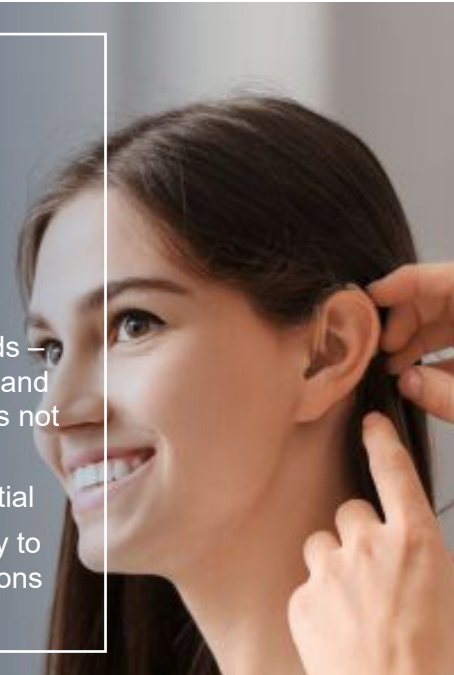

Hearing loss affects 1 in every 6 people in the United Kingdom, and it can grow progressively over time.

A full comprehensive audio assessment can determine the degree of your hearing loss and how it affects your life. Regain your independence and confidence, with a

free hearing assessment at Vista Health. We work with you throughout your journey to safely and effectively manage hearing loss. We're here to help you deal with hearing or balance issues, find the right hearing aids, and enhance your quality of life.

### We will always...

- Give the best possible advice
- Allow you to make your own decisions
- Offer support and advice when needed
- Do our best to satisfy your needs – every customer is an individual and we recognise that one size does not fit all
- Keep your information confidential
- Keep up to date with technology to bring you the best possible options for your hearing

*When deciding which type of hearing healthcare to opt for, whether it be private or NHS hearing care, there are a number of factors which could influence your decision. Everyone is different, and what may be suitable for you may not be right for somebody else. What's most important is that you seek the right hearing care solution as soon as possible, so you can live life to the full.*

*If you decide to opt for private hearing care, at Vista Health, we offer industry-leading hearing services and technology. In order to find the right hearing solution for you, we like to get to know you, your preferences, your lifestyle and truly understand the things that are most important to you. Furthermore, if you decide that you'd also like to use NHS services, we may be able to provide you with NHS hearing aids via a referral from your GP.*

Your hearing test is **FREE** and there's no obligation.

Free aftercare provided.

OUR  
HEARING  
AID RANGE

Welcome

Our goal is to provide the best possible experience for you, our customers. We are nothing without you, and we want you to be happy.

Our highly trained and skilled Hearing Aid Dispensers will take time to understand your needs and give the best possible advice based upon what you tell them, and the clinical test results that come from your assessment.

There are so many options in terms of style, size, model, and features that it can be overwhelming. We understand that everybody has their own needs and goals when coming to us, from simply wanting hearing protection as ear plugs, through to wanting a hearing system that wirelessly connects to devices around your home, and beyond. Our simple tech guide gives you a good idea of where to begin that conversation.

Ultimately, every decision you make is yours, and we will give the best possible advice we can to help you choose what is right for you, and your budget. If you have any questions we are more than happy to help. I hope you find this guide helpful and you choose us to help you on the way to better hearing.

“I have been wearing the hearing aids every day and they have honestly changed my life. I’ve even recommended them to several friends. I’m really happy I’ve got them.”
