“

Vista Health provides an extremely valuable and cost effective service to my patients who need imaging to clarify their diagnosis and optimise their care. It has allowed countless patients to obtain a definitive diagnosis to help optimise and direct their care to achieve the best outcome in a timely prompt manner. This can be particularly crucial when managing athletes with bone stress injuries and making important decisions about whether to compete or not.

“

I have referred my patients to Vista Health for several years and have found them to be efficient in terms of speed of appointment and the reports. I had cause to be referred myself recently and found the process seamless in terms of getting a prompt appointment, being scanned, and then obtaining the report. I will not hesitate to continue to use Vista Health for my patients as their service is not compromised in any way. Thank you Vista Health!

# Referrals made simple

With our secure online referrer portal, simply:

-  1 Register your patient with us
-  2 Select the diagnostic service you need
-  3 Follow our guidance to complete the referral in minutes

A booking link is then sent directly to your patient so they can choose the appointment time and location that works for them, or they can call and speak to our friendly advisors to make their booking.

Our expert support team is always on hand to respond to any queries.

“

We use Vista Health to refer our self-pay clients for an MRI scan. We have always found their service to be very efficient and they certainly provide a cost-effective, self-pay solution... they are also very good to communicate with if we have any issues with the scans.

# Easy-to-manage referral fee plans

Vista Health offers you a choice of two easy-to-manage referral fee plans:

## Patient Referral programme

Your patients pay Vista Health directly through our booking system at our listed rates. Commercial options available, please speak to your local Business Development Manager to find out more.

## Invoiced Loyalty programme

Your patients pay you for Vista Health services and we'll invoice you monthly at our discounted rates.

The cost to your patients is set by you.

“

The fast, efficient, and friendly service with high quality scans from Vista Health enable us to offer a responsive, high quality service to all our patients.

# Dedicated support from Vista Health

Our regional Vista Health team can guide you through our comprehensive range of services, help you decide on the best options for you and your patients and answer any queries you may have.

To find out more about the Vista Health scan and testing facilities in your area or discuss becoming a referrer, contact your regional manager.

“

Our practice has used Vista Health for five years now. When we send patients for diagnostics, they are seen swiftly, with no time delay and they are cared for very very well indeed and report feeling well supported through what might otherwise be a very uncertain process for them. Thank you to Vista Health for caring for our patients just as we would care for them.
